

Cruitfly Construction Staffing: Skilled, Trained, and Ready to Work

Cruitfly and its proprietary SafeCru Academy training put skilled professionals on the jobsite

INDIANAPOLIS, IN, UNITED STATES, July 3, 2024 /EINPresswire.com/ -- [Cruitfly Construction Staffing](#) is taking an

innovative approach to how skilled

construction labor meets industry demands across the United States. Specializing in staffing for both industrial and commercial projects, Cruitfly has successfully staffed hundreds of projects to date, including industrial shutdowns, military base maintenance, and a variety of commercial jobsites.

“

By providing rigorous training through SafeCru Academy, we ensure our staff at Cruitfly are exceptional in their skills and safety knowledge, something that sets us apart from our competitors.”

Dean Kinslow

Unlike traditional staffing firms, Cruitfly integrates a unique approach by partnering with its sister company, [SafeCru Academy](#), to offer specialized training programs. This collaboration ensures that all personnel are not only highly skilled but also up-to-date with the latest safety standards and practices in the industry. Cruitfly’s focus areas include staffing for scaffold erection, mechanical insulation, asbestos removal, lead handling, demolition, and more.

Cruitfly’s innovative model addresses the critical shortage of skilled labor in the construction industry, offering a reliable solution to contractors and project managers facing workforce challenges. In addition, Cruitfly maintains the ability to meet any demand a project may require.
