CARY, N.C., USA, July 2, 2024

/EINPresswire.com/ -- Envu is honored to be named a Great Place To Work in France, India and the United States. The distinguished certification is awarded based on employee feedback around three key factors: trust, pride and camaraderie. With half a century of environmental science experience, Envu was founded with a singular purpose: to advance healthy environments for everyone everywhere.

“Having just launched Envu less than two years ago, this was the first time we applied for this special certification,” said Gilles Galliou, CEO.

“We are absolutely honored and thrilled to have been awarded Great Place To Work certification in all three countries for which we applied. The results show that our employees fully embrace our cultural traits of start with the customer, passion, entrepreneurial mindset and one team, one dream. I’m proud of our employees and proud of the difference they’re making alongside our customers every day.”
