

Robbinsville Township, NJ Deployed Report-A-Concern Module With GovPilot

Robbinsville Township expands their partnership with the government management software provider to streamline operations and services in the municipality.

ROBBINSVILLE, NJ, UNITED STATES, July 2, 2024 /EINPresswire.com/ -- Customer Since 2024 with 2 Total Modules Deployed

The Township of Robbinsville, NJ has implemented additional government management [software solutions](#) into their municipal offices for 2024 in order to automate processes, digitally manage data, and engage citizens via the cloud with [GovPilot](#) - the Operating System for Local Governments. In collaboration with GovPilot, a government management software provider based in New Jersey, this municipality of Mercer County, expanded a partnership that will allow the local government to access new, modern, software solutions across the municipality.

This partnership aims to provide both citizens and government officials simplified access to data and information that will save valuable time and resources across the board. GovPilot's customer success rates and stellar reviews set this government management software provider apart from all others, streamlining the implementation of new software solutions efficiently and successfully for Robbinsville.

Robbinsville added the following solutions to their municipality:
[Report-A-Concern Module](#)

Learn more about this module: Residents can submit concerns directly to their local government either via an online form or the GovAlert mobile app that comes with the module. Once submitted, the concern is automatically routed to the correct department. If an inspection or work order is required, they can be completed through GovPilot's GovInspect mobile app, also allowing invoices and violations to be generated.

All additional software solutions deployed by Robbinsville in 2024 will continue to simplify and digitize once manual, paper-based government processes, allowing for government workers to dedicate their valuable time to more pressing municipal tasks, and saving constituents the hassle of traveling to city hall in person.

GovPilot By the Numbers for 2023

Total Modules Deployed Across all Accounts Nationwide: 354

Median Deployment Days: 47
