

Kalkine Introduces 'The Funds Report' to Empower Investors

SYDNEY, AUSTRALIA, July 4, 2024

[/EINPresswire.com/](#) -- [Kalkine](#), a leading financial news and research platform, is thrilled to announce the launch of its latest publication, "The Funds Report."

This extensive report is crafted to evaluate and rank mutual funds and exchange-traded funds (ETFs), offering investors crucial insights into a variety of investment options while aiming to mitigate market volatility through a specialized ranking methodology.

Introduction to "The Funds Report"

"The Funds Report" underscores Kalkine's dedication to empowering investors with the necessary tools and knowledge to navigate the complexities of financial markets. Developed by a team of proficient in-house researchers, the report categorizes mutual funds and ETFs based on various market themes, ranking them from low to high and presenting a diverse selection of funds listed on the Australian Stock Exchange (ASX).

Unique Ranking Methodology

Central to "The Funds Report" is a distinctive methodology designed to address market volatility and enhance investment decision-making. Kalkine's expert researchers utilize a comprehensive set of metrics to identify funds with higher alpha, historical annualized performance over three years, a higher Sharpe ratio, and a low total expense ratio. By considering these factors holistically, the report highlights funds that offer better risk-adjusted returns while maintaining cost efficiency.

Key Features of "The Funds Report"

1. Thorough Evaluation of Funds

"The Funds Report" meticulously evaluates mutual funds and ETFs, analyzing various performance metrics to rank them effectively. This detailed assessment gives investors a clear understanding of each fund's strengths and potential, facilitating informed investment decisions.

2. Focus on Risk-Adjusted Returns

A standout feature of the report is its emphasis on identifying funds with superior risk-adjusted returns. By analyzing metrics such as alpha and Sharpe ratio, "The Funds Report" directs investors to funds that have consistently delivered returns while effectively managing risks.

3. Cost Efficiency

Beyond performance metrics, the report also highlights cost efficiency. By showcasing funds with low total expense ratios, "The Funds Report" helps investors improve their returns by minimizing costs, a critical factor for long-term benefits.

Benefits for Investors

* Enhanced Investment Decision-Making

"The Funds Report" equips investors with the insights needed to make well-informed investment decisions. The detailed analysis and unique ranking methodology provide a clear perspective on the well-performing funds under various market conditions.

* Mitigation of Market Volatility

By categorizing and ranking funds based on diverse market themes, "The Funds Report" assists investors in navigating market volatility. The focus on risk-adjusted returns and cost efficiency ensures that investors can create diversified funds portfolio capable of withstanding market fluctuations.

* Access to well performing Funds

Investors gain access to a curated selection of well performing mutual funds and ETFs listed on the ASX. The comprehensive evaluation and ranking system ensure that only the well-performing funds are highlighted, offering reliable options for investors' portfolios.

About Kalkine
