

Unit Dose Manufacturing Market Set for Significant Growth, Projected to Reach \$71.83 Billion by 2028

The Business Research Company's Unit Dose Manufacturing Global Market Report 2024 – Market Size, Trends, And Global Forecast 2024-2033

LONDON, GREATER LONDON, UK, July 4, 2024 /EINPresswire.com/ -- The [unit dose manufacturing market](#) has witnessed exponential growth, expanding from \$27.36 billion in 2023

to \$33.16 billion in 2024 at a remarkable CAGR of 21.2%. This growth in recent years can be attributed to traditional pharmaceutical manufacturing practices, regulatory advancements in drug packaging, the rise in demand for personalized medicine, the aging population, and an increase in chronic diseases.

Major Trends Shaping the Future

In the forecast period, several key trends are expected to shape the unit dose manufacturing market:

- Advanced automation integration in unit dose manufacturing processes.
- Implementation of IoT in pharmaceutical packaging for enhanced monitoring and security.
- Customization of unit dose packaging tailored to specific drug requirements.
- Adoption of sustainable and eco-friendly packaging materials.
- Growth of 3D printing applications in personalized drug manufacturing.

Key Players and Strategic Partnerships

Major companies driving innovation in the unit dose manufacturing market include Nipro Corporation, Thermo Fisher Scientific Inc., Amcor PLC, Berry Global, CCL Industries, and Sealed Air Corporation. These companies are actively engaged in strategic partnerships to strengthen their market position and expand their product offerings. For example, iA partnered with Euclid Medical Products to integrate advanced packaging technologies into centralized fulfillment solutions, enhancing medication dispensing capabilities.

[Unit Dose Manufacturing Market Segments](#)

The unit dose manufacturing market is segmented based on:

- Product: Liquid Unit Dose, Solid Unit Dose, Other Products
- Sourcing: In-House, Outsourcing
- End-User: Independent Pharmacies, Long Term Care Facilities, Hospitals, Other End-Users

Regional Insights

North America dominated the unit dose manufacturing market in 2023, with significant contributions from Asia-Pacific, Western and Eastern Europe, South America, the Middle East, and Africa. The comprehensive report provides detailed regional dynamics, market trends, and growth opportunities.
