

# Japan's Leading Digital Human and Character Blender Production Company Takes the Industry by Storm

TOKYO, JAPAN, July 4, 2024

[/EINPresswire.com/](https://EINPresswire.com/) -- With the rise of Digital Human and Game Production in Japan, the demand for high-quality human and character blender production has never been greater. In the midst of this growing industry, one company has emerged as the top player in Japan - [SANDSTORM](#) Inc.

Multimere

Founded in 2022 by its founder and creator artist Maniacarta as sandstorm and since its growth

for 2 years with target sales it has achieved from overseas market and startup companies, the founder decided to change it to SANDSTORM and then gather different talent artists around the world, such professional studio has quickly established itself as the go-to production company for digital human and character production. Their team of skilled artists and animators have worked on numerous projects for major companies and studios, solidifying their reputation as the number one choice for top-notch digital production.

The Rise of Blender Make Sandstorm No.1 Studio in Character production in Japan”

*Maniacarta*

The company's success can be attributed to their cutting-edge technology and innovative techniques, which allow them to create realistic and lifelike human and character models. Their attention to detail and commitment to

delivering high-quality work has earned them recognition and accolades from industry experts and clients alike.

"We are thrilled to be recognized as the top digital human and character blender production company in Japan," says CEO and founder, Maniacarta. "Our team is dedicated to pushing the boundaries of digital humans and providing our clients with the best possible results. We are grateful for the support and trust of our clients and will continue to strive for excellence in all our

projects."

As the demand for digital humans and game production continues to grow, SANDSTORM Inc. is poised to maintain its position as the leading production company in Japan. With their expertise and commitment to innovation, they are set to take the industry by storm and solidify their place as the go-to choice for digital human and character production.
