Personal appearance has been gaining considerable attention among individuals. People are increasingly preferring to visit salon shops. Thus, rise in expenditure on personal grooming and increase in number of salon shops are largely influencing to generate demand for salon equipment including chair, hair Straighteners, Curler, Stylers, scissors, clippers & trimmers and others. The first thing that draws someone's attention is their outer appearance. As a result, maintaining their appearance at all times is crucial. Herein lies the responsibility of a beauty therapist, who performs different beauty procedures on a person to enhance their overall appearance. These procedures include dressing up appropriately, applying the necessary makeup, caring for their skin, and maintaining their haircut. In addition, the therapist offers clients health services like massage-infused manicures and pedicures, as well as guidance on aftercare. Thus, visiting salon shops is one of the routines among individuals, which in turn

supports the market growth.

Every salon shop's top priority is high-quality salon chairs with cutting-edge technology. Salon chairs are a popular purchase among those providing personal and cosmetic care services. This is largely related to the advantages of high-quality, well-designed salon chairs, including their superior comfort, increased functionality, guarantee, reduced need for replacement, luxurious environment, and improved client experience.

The market for salon chairs has grown owing to increased popularity for ergonomic salon chairs, which are quite popular in developed countries like the U.S., Japan, and the UK. As ergonomic salon chairs can assist customers in avoiding actions and postures that could lead to health issues. A job and its tools should be designed ergonomically to match the needs of the customer's body. Workplace ergonomics can improve comfort and reduce the risk of hand, wrist, shoulder, neck, back, foot, and leg injuries. Additionally, because of the equipment's ergonomics, those with limited mobility can be accommodated and given the same level of service. Our TA23 electric actuator, which has a load capability of 10,000 N in push, is especially well suited for lifting chairs and shampoo trays. It's quiet and small enough to seamlessly fit into hairdressers' furniture, allowing for quick and secure equipment adjustments.
