

# 7 Solution Ltd Announces Commitment to Excellence in Capillary Tube Manufacturing

*Company specializes in the production of precision-machined titanium capillary tubes, tantalum capillary tubes, and ultrafine capillary tubes.*

MA'ANSHAN, CHINA, July 8, 2024 /EINPresswire.com/ -- 7 Solution Ltd, a professional capillary tube manufacturer founded in 2019, is proud to announce its unwavering commitment to producing high-quality and reliable capillary tube products that cater to a variety of industries. With a vision to lead the market, 7 Solution Ltd continues to innovate and deliver superior metal components to its clients.

Company specializes in the production of precision-machined titanium capillary tubes, tantalum capillary tubes, and ultrafine capillary tubes. 7 Solution Ltd products are meticulously crafted to meet the stringent demands of several critical application fields, including aerospace, medical, and petrochemical sectors. Additionally, 7 Solution Ltd composite metal capillary tubes are essential for electrophoresis and surface treatment processes.

Main Products:

- Titanium & Titanium Alloys Capillary Tube

- Ultrafine Capillary Tube
- Composite Metal Capillary Tube

Application Fields:

- Aerospace
- Medical
- Petrochemical
- Electrophoresis Process
- Surface Treatment Process

7 Solution Ltd is operated by a dedicated team of 18 employees, including six senior engineers who bring over 25 years of expertise in processing capillary tubes. This combination of advanced technology and experienced personnel ensures that 7 Solution Ltd remains at the forefront of the capillary tube manufacturing industry.

"We at 7 Solution Ltd are dedicated to driving innovation and excellence in the capillary tube industry. Our mission is to provide products that not only meet but exceed the expectations of our clients across various industries," said a company spokesperson.
