With this acquisition, Southern Sky Brands will bring its high standards and commitment to quality to the Gulfport, Starkville, and Tupelo locations. The three dispensaries will undergo remodeling to align with the [Southern Sky Wellness](#) flagship location in Pearl, MS. These upgrades will

enhance the customer experience, offering a more modern, welcoming environment and an expanded selection of premium products.

Southern Sky Wellness's flagship facility and the brand's other facilities across the state offer a unique experience for patients unlike anything else currently available in Mississippi. Education menus are present in their locations, allowing patients to learn more about each product, its benefits, and proper use. Each patient also receives assistance from the highly-trained staff, offering informed recommendations. The new dispensaries boast an extensive selection of premium cannabis strains, edibles, concentrates, and accessories to cater to various preferences and needs.

The remodeled locations will feature state-of-the-art facilities designed to meet the needs of medical cannabis patients. Customers can expect a wide variety of products, including flower, tinctures, edibles, and topicals, all crafted with the same dedication to quality and consistency that Southern Sky Brands is known for.

These new locations will also adhere to the same strong standards as the other Southern Sky Wellness locations, including patient education, expansive product selection, and a modern, updated, and vibrant facility. Announcements and additional information on each location will be made available soon.
