

Hydration Depot Announces Nationwide Distribution of Heat Wave-Fighting Vector & Spartan Evaporative Cooling Technology

Game-Changer in Heat Stress Relief Now Available Through Leading Workforce Hydration Provider - Hydration Depot

POMPANO BEACH, FLORIDA, UNITED STATES, July 16, 2024

/EINPresswire.com/ -- [Hydration](#) Depot, the leading provider of workforce hydration and workplace cooling solutions, is excited to announce a new distribution agreement with [Cleva](#) Technologies. This partnership will see Hydration Depot distributing Cleva Technologies' renowned Spartan and [Vector](#) evaporative cooling technology nationwide, further enhancing their extensive portfolio of heat stress protection products.

Hydration Depot, known for its commitment to protecting people and property, is dedicated to offering the highest quality hydration and cooling solutions for workforces across all industries. With this new agreement, Hydration Depot will provide even more comprehensive solutions to help keep workers safe and comfortable in challenging environments.

“

This collaboration aligns perfectly with our mission to provide innovative and effective solutions that enhance workplace safety and productivity.”

Melissa Schechter CEO

As the nation's leading provider of workforce hydration, Hydration Depot is dedicated to continuing to align with new brands and products to offer the most comprehensive dedicated offerings in the heat stress

mitigation space.

Cleva Technologies has built a reputation for producing top-tier evaporative cooling fans designed for maximum efficiency and reliability. The Spartan and Vector fans are engineered to deliver superior cooling performance, making them ideal for industrial, construction, and other demanding work settings where managing heat stress is critical.

Melissa Schechter, CEO and Founder of Hydration Depot, commented on the new partnership: "We are thrilled to partner with Cleva Technologies to offer their exceptional Spartan and Vector cooling fans to our customers, both current and future. This collaboration aligns perfectly with our mission to provide innovative and effective solutions that enhance workplace safety and productivity."

With the addition of Spartan and Vector evaporative cooling fans, Hydration Depot's product range now includes:

Hydration Solutions: Featuring from the best brands in the business including Gatorade, Sqwincher, Sword, Shield, Overtime, MyHy, Niagara and Aqualy Waters and more.

Gatorade Industrial and Occupational Safety Bundles. Health and Safety Managers pick for complete hydration solutions for crews.

Sqwincher is renowned for its scientifically developed electrolyte replacement drinks, ensuring that workers stay hydrated and energized throughout the workday as well as innovative packaging and portion packs.

Sword and Shield are natural and organic options for the industrial hydration market.

MyHY offers electrolyte freezer pops with no artificial colors or sweeteners.

Overtime precisely formulated for the industrial and construction worker. Low in sodium and
