

# Daejo by Tom Man Wins Bronze in A' Furniture Design Awards

*Meticulously Crafted Wooden Stools  
Redefine Everyday Objects with Timeless  
Elegance*

COMO, ITALY, July 10, 2024

/EINPresswire.com/ -- The A' [Design Award](#), a highly respected and well-recognized award in the field of [furniture](#) design, has announced Daejo by [Tom Man](#) as the Bronze winner in the Furniture Design category. This prestigious recognition highlights the exceptional craftsmanship and innovative design approach of the Daejo stools, which elevate the humble wooden stool into a symbol of enduring beauty and functionality.

The Bronze A' Furniture Design Award holds significant relevance for the industry and potential customers, as it

showcases designs that align with current trends and advance furniture design standards. Daejo exemplifies these qualities, offering practical benefits for users through its meticulous attention to detail, sustainable material selection, and thoughtful design that seamlessly integrates into various spaces while enhancing them with timeless elegance.

Crafted from durable Hard Maple wood, each Daejo stool features unique grain patterns that tell the story of the wood's journey from forest to workshop. The precision cutting process (CNC) combined with traditional woodworking techniques ensures a perfect balance between strength and inviting texture. The stools transcend mere functionality, emerging as sculptural pieces that transform everyday objects into works of art.

The recognition from the A' Furniture Design Award serves as motivation for Tom Man and his team to continue pushing the boundaries of design and craftsmanship. This achievement is

Daejo

expected to inspire future projects and directions within the brand, fostering further innovation and exploration in the realm of furniture design.

Daejo was designed by Tom Man, an accomplished industrial designer renowned for his ability to harmonize creativity with functionality.
