A Journey of Faith and Empowerment

"Rise Up Son!" is an inspiring journal that emerged from Donya's personal prayer journey. During a time of deep intercession, God provided Donya with a poem that became the outline for the journal. Each stanza turned into a chapter, infusing readers with strength and understanding. This journal aims to reassure young men of their mothers' faith in them amidst a world filled with conflicting voices.

To accompany these young men on their journeys, Donya also created "A Women's Handbook Encouraging Sons to Rise Up." This companion book encourages mothers and mother figures to engage in journaling and intentional conversations with their sons. The practice of journaling together serves as a powerful demonstration of reciprocity, echoing the influential role of Eve as a seed sower from the beginning of time. By sowing seeds of wisdom and guidance, these wise

Eves can profoundly impact young Adams, fostering a generation of strong, responsible, and visionary men.

Addressing Critical Issues

The movement and the books address critical issues facing young men today through prayer. According to the CDC's 2021 National Vital Statistics System, suicide rates for males ages 15 to 24 increased by 8% from 2020 to 2021. In 2022, the Substance Abuse and Mental Health Services Administration reported that about 13% of adolescents ages 12-17 had serious thoughts of suicide. Donya believes a mother's prayer can be the key turning point for the next generation of young men.

A Call to Action

"Rise Up Son!" and "A Women's Handbook Encouraging Sons to Rise Up" invite all mothers, grandmothers, mentees, and guardians to join the movement. Together, they can sow seeds of faith, wisdom, and love into the lives of young men. By doing so, they can change the world for the better, one conversation at a time.
