AGAIN AND AGAIN BACK TO YOU by Andrea Ezerins

UNITED STATES, September 3, 2024 /EINPresswire.com/

-- If you had the chance to revisit your past to change your present, what moment would you choose?

That's the question debut author [Andrea Ezerins](#) poses in [AGAIN AND AGAIN BACK TO YOU](#) (She Writes Press), a vivid story about the proximity of the past, present, and future within the context of a life-defining young love.

The book focuses on three characters' extraordinary shared journeys as they discover the ability and wonders of channeling into their pasts—and come to understand that sometimes one must lose something important to truly embrace who they are meant to be.

Marta and Kevin discover each other early in their lives, coming of age in the '70s, only to be separated just when they are on the cusp of realizing the power of their young love. When Kevin's family moves away, Marta grapples with this loss, as well as their dashed dreams. After high school, she journeys from her small farm in New Jersey -- a place where she was always out of step with those around her -- and on to college and a career. She works to live a life with more sparkle and spontaneity, something she only ever experienced effortlessly with Kevin.

But even as she focuses on achieving the goals she believes will ensure her happiness, she remains haunted and wonders what life could have been if only she had been brave enough to seize it.

A chance encounter with a channeler who can transport people back to a juncture in their lives to reveal their road not taken has Marta jumping at the opportunity. But will she be brave enough to channel back to Kevin? Discover what happens as Marta learns that sometimes one

must lose something important to truly embrace who they are meant to be.

The book is already garnering high praise.
