

Hideaway at Royalton Blue Waters Certified for Environmental Stewardship

One of the key initiatives highlighted in the resort's sustainability efforts is its monthly beach cleanup activities.

SANTA MONICA, CALIFORNIA, UNITED STATES, July 12, 2024

[/EINPresswire.com/](https://www.einpresswire.com/) -- [Green Globe](#) has recertified the Hideaway at Royalton Blue Waters, An Autograph Collection All-Inclusive Resort - Adults Only in Jamaica. The recertification reflects the resort's solid dedication to environmental stewardship and sustainable tourism practices. This recognition underscores the resort's commitment to minimizing its environmental impact while offering guests an exceptional all-inclusive experience.

Hideaway at Royalton Blue Waters

One of the key initiatives highlighted in the resort's sustainability efforts is its monthly beach cleanup activities. By actively engaging in these cleanups, the property not only contributes to the preservation of Jamaica's pristine beaches but also fosters awareness among its staff, suppliers, visitors, and guests. The removal of 10 to 40 kg of garbage per cleanup emphasizes the tangible impact of these efforts in combating marine pollution.

In addition, the resort prioritizes effective waste management practices through its recycling initiatives. By adhering to local and national regulations and implementing strategic waste separation programs, responsible disposal of both organic and general waste is ensured. For staff members, training sessions about sustainability begins at the induction stage and continues for the duration of their employment. The ongoing training further promotes awareness and understanding of waste management measures implemented at the property.

Through environmental awareness campaigns and training programs conducted for staff at all levels, Hideaway at Royalton Blue Waters fosters a culture of environmental responsibility that educates and inspires employees to actively participate in conservation efforts. In 2023 as part of

a school research project, staff had the pleasure of hosting a group of students for an educational tour of the resort where inquiries about the environment were answered. It was inspiring to engage with these young minds and support their educational journey.

Furthermore, to commemorate World Wildlife Day, Hideaway at Royalton Blue Waters staff had the opportunity to visit Jamaica Swamp Safari. It was a fantastic experience, allowing team members to appreciate and learn more about the island's natural world and the importance of wildlife conservation efforts.

In line with its CSR initiatives, the resort generously made food donations to Spicy Hill Basic School contributing a total of 18 tubs of cheese and 22 buns for the children. The school operates in partnership with Food For The Poor (FFP) - Jamaica. FFP is the largest charity organization in Jamaica that provides relief in areas including housing, food, and education.

The Green Globe certification stands as an international standard for sustainable tourism, covering environmental management, customer satisfaction, community development, and the conservation of natural resources. By achieving this prestigious certification, Hideaway at Royalton Blue Waters continues to set standards for excellence in the hospitality industry, offering guests the assurance that their stay supports environmental preservation without compromising on luxury and comfort.
