Sukur Cultural Heritage Site: October 6th - 17th, 2024

Under the theme "Working on the Future," volunteers will engage in hands-on activities, awareness-raising campaigns, and skills training to protect, preserve, and promote the Sukur Cultural Landscape in Madagali, Adamawa State. Participants will immerse themselves in the rich cultural heritage of the Sakun people, learning traditional skills and participating in community engagement initiatives. This year marks the fourth time UNESCO has approved AFIDFF and its implementing partners for the project, recognizing their dedication to heritage conservation.

In another significant event, volunteers are invited to Gashaka Gumti National Park and the Mambila Plateau in Taraba State. With the theme "Preserving Nature, Empowering Communities," this initiative focuses on maintaining important wetlands, exploring the linkage between nature, culture, and human activities, and documenting the park's attributes to produce a Nomination Dossier for UNESCO World Heritage Site inscription. Volunteers will engage in wildlife monitoring, tree planting, trail maintenance, environmental education, and cultural heritage preservation.
