

Factacy Redefines Analytics of Things (AoT) Services for the Next Gen IoT Devices

Factacy's AI solutions delivers pathbreaking insights as it makes sense of billions of data points from IoT devices of the future.

GURUGRAM, HARYANA, INDIA, July 15, 2024 /EINPresswire.com/ -- Amidst the vibrant tech ecosystem of India, <u>Factacy</u>, an innovative AI startup, is thrilled to announce the launch of its innovative Analytics of Things (AoT) service. This groundbreaking offering leverages advanced AI to extract actionable insights from IoT data, enabling businesses to optimize operations, predict maintenance needs, and drive unprecedented growth.

"Our AoT service represents the next frontier in data analytics," said Inderjit Singh Makkar, Founder of Factacy. "We are empowering companies to not only manage IoT data but also to derive insights that significantly enhance decision-making processes."

٢

We are empowering companies to not only manage IoT data but also to derive insights that significantly enhance decision-making processes." Inderjit Singh Makkar, Founder and CEO of Factacy Private Limited. With over 80 years of cumulative experience in computer vision, deep learning, IoT, and data engineering, Factacy is not just navigating change but orchestrating a revolution. The cornerstone of its impact lies in its unparalleled ability to unearth invaluable insights through cutting-edge machine learning and AI technologies.

The IoT industry is experiencing explosive growth. This rapid expansion underscores the critical need for advanced analytics to harness the vast amounts of data generated by IoT devices. Factacy's AoT service is ideal for industries such as manufacturing, healthcare, smart cities, and more. By utilizing this service, businesses can achieve greater efficiency, anticipate equipment failures, and implement innovative solutions to complex problems. The startup's agile solutions mitigate delays, offering businesses the agility to rapidly integrate AI strategies that mirror the ever-evolving market dynamics.

From revolutionizing interior design to rejuvenating the HORECA sector, Factacy's bespoke Al solutions are tailored to meet the distinctive needs of each business. Its influence extends across industries including foodtech, healthcare, and infrastructure, breathing new life into the Private Equity and Venture Capital sectors while providing startups worldwide the tools to monetize their data and embark on a trajectory of success.
