

Maan Makes Brain Workouts for Adults Fun and Easy on Android

Engaging daily challenges and diverse memory games designed to improve cognitive health for adults and the elderly.

NEW YORK, UNITED STATES, July 16, 2024 /EINPresswire.com/ --

[VionixStudio](#) is thrilled to introduce [Mann: Memory Games for Adults](#), an innovative game designed to make memory workouts effortless and enjoyable. Now available on Google Play, Mann is the ideal solution for adults and the elderly looking to enhance their cognitive capabilities through engaging gameplay.

Mann: A Game That Stands Out

Mann is not just another memory game; it's a comprehensive brain training program that offers a 30-day Memory Challenge. Each day, players will face puzzles that gradually increase in difficulty, ensuring a challenging and rewarding experience. Every day's puzzle features four sets of three unique game types:

Gate Runner: Remember the sequence and run through the correct gates to win the level.

Memory Pairs: Match the right image with the correct pair in this classic pairs matching game.

Missing Card Game: Identify the missing card from a sequence that is shown and then partially hidden.

Why Choose Mann?

User-Friendly Interface: Simple and easy to navigate, making it suitable for players of all ages.

Daily Challenges: Engage in daily puzzles that keep your brain sharp and active.

Individual Games: Beyond the daily challenges, Mann offers Runner Mode, Matching Pairs, and Missing Items, each with customizable difficulty settings.

Perfect for Cognitive Health: Ideal for those looking to improve memory and cognitive functions,

including individuals seeking dementia-friendly games.

Reviews from Our Users

"Mann is a fantastic game for sharpening your memory, suitable for all ages. Various types of memory games keep it non-monotonous and help train memory related to different concepts like places and numbers. Kudos for developing such a nice game!"

"This is a memory game where you practice daily to increase your memory power. It's designed for all ages, with engaging gameplay and minimal ads. Overall, it's a great game to improve cognitive abilities."
