The US Navy Veterans Mesothelioma Advocate is on a mission to make certain a Navy Veteran with mesothelioma in any US State receives the very best possible financial compensation. The group's biggest fear is a Navy Veteran with mesothelioma, or their family will underestimate the potential value of their compensation claim and impulsively hire a local car accident attorney or an Internet mesothelioma marketing law firm that does not do the compensation claim work as they are always happy to discuss at 866-714-6466. <http://USNavyMesothelioma.Com>

Suggestions from the US Navy Veterans Mesothelioma Advocate for Veterans with mesothelioma nationwide on how to increase potential financial compensation:

\*"Do you recall the specifics of how you were exposed to asbestos at work, in the military or both-and when this exposure occurred? This is incredibly important information.

\*"Do you recall the names of shipmates-coworkers who might have witnessed your exposure to asbestos?"

\*"Did you have more than one job in the navy-armed forces where you might have been exposed to asbestos?"

\*"Do your medical records include a biopsy that confirms the mesothelioma or asbestos exposure lung cancer?"

\*"Has your loved one's doctor told you that mesothelioma is a distinct possibility-but because they are so sick-weak-a biopsy to confirm the mesothelioma is not possible? If this is your loved one, please call us at 866-714-6466."
