

JS Masonry Transforms Stoneyard's Sales Trailer with Thin Stone Veneer

LITTLETON, MA, UNITED STATES, July 16, 2024 /EINPresswire.com/ --

Stoneyard, a leading supplier of natural thin stone veneer in New England, is proud to announce the completion of a unique project – the installation of their own [Boston Blend](#) thin stone veneer on the foundation of their sales trailer in Littleton, MA. The project was expertly executed by [JS Masonry](#), a Stoneyard Certified Thin Stone Veneer Installer.

“We wanted to showcase the beauty and versatility of our natural thin stone veneer products,” said David Croteau, Stoneyard Co-Founder. “Partnering with JS Masonry, a trusted and highly mason, allowed us to create a stunning display that highlights the possibilities of Boston Blend for both residential and commercial applications.”

The project features three distinct shapes from Stoneyard’s popular Boston Blend collection:

Ashlar, Mosaic, and Square and Rectangular. JS Masonry meticulously installed the veneer, starting with corner pieces and then filling in the foundation with carefully chosen and trimmed stones. Laticrete products, including Hi-Bond Veneer Mortar, Pointing Mortar, and Air and Water Barrier, were used to ensure a secure and long-lasting installation.

The completed sales trailer foundation serves as a testament to the collaborative effort between Stoneyard and JS Masonry. It’s a visually striking example of the transformative power of natural thin stone veneer. This example will inspire homeowners and contractors alike to

consider this unique material for their next project.
