interviewer skills. With over 14,000 hours of cumulative interviewing experience, InterviewFit has developed its program to greatly increase the outcomes of interviews, reduce hiring time, and improve offer-to-acceptance ratios. The advantages of InterviewFit's program include the embedding of inclusive and bias-conscious interviewing practices, ease in identifying candidates with a growth mindset, and alignment of values through objective questioning. InterviewFit will now utilise survey technology and advanced data analytics from QuestionPro within its training programs. This will allow InterviewFit to provide more accurate, time-sensitive data of relevance that benefits their clients' talent acquisition efforts. "We are excited to be partnering with InterviewFit," said Oscar Mora, Managing Director ANZ | APAC at QuestionPro. "This partnership is in line with our objective to provide innovative survey and research solutions, enabling businesses to make proactive decisions. With our powerful platform now perfectly matching the unparalleled know-how of InterviewFit, clients can access a new depth of insights on their recruitment strategies."

Jason, Founder of InterviewFit, expressed his excitement: "Partnering with QuestionPro means leveraging their cutting-edge survey tools and analytics capabilities. Our joint venture will further enhance the quality of our training programs and provide our clients unprecedented access to valuable data that will help catalyse strategic business growth. Together, we will enable organisations to make more informed hiring decisions and boost their overall talent acquisition process."
