

# Elastostar Enhances Food and Pharmaceutical Safety with FDA Metal Detectable Silicone Rubber Products

*Revolutionizing safety standards with innovative, high-performance silicone solutions*

PLAIN CITY, OH, USA, OHIO, UNITED STATES, July 18, 2024

/EINPresswire.com/ -- Elastostar Rubber Corporation is proud to announce the launch of its new line of [FDA Metal Detectable Silicone Rubber Products](#), designed to significantly enhance safety in the food and pharmaceutical industries. These innovative products are engineered to meet stringent safety standards, ensuring the highest level of contamination prevention.

As one of the top manufacturers of custom silicone rubber seals, gaskets, and extrusions, Elastostar is always striving to innovate and deliver the highest quality products. The introduction of FDA Metal Detectable [Silicone Rubber Products](#) marks a significant advancement in safety, providing industries with reliable solutions that prevent contamination and ensure compliance with regulatory standards.

“

Mr. Shyam P quickly sourced and delivered the exact silicon tubing sample for my dental equipment within a week. One of the leading manufacturer in USA with Excellent customer services and products.”

*Dhaval Rabadiya*

The new silicone rubber products are meticulously crafted to detect metal particles, enabling quick identification and removal of contaminants from production lines. This proactive approach minimizes the risk of contamination, safeguarding both products and consumers. Elastostar’s

dedication to precision and excellence is evident through these latest solutions, specifically designed to meet the unique needs of food and pharmaceutical manufacturers.

### Key Features and Benefits:

**High Detectability:** Engineered to be easily detected by metal detectors, ensuring prompt identification and removal of contaminants.

**FDA Compliance:** Meets stringent FDA requirements, ensuring safety and compliance in food and pharmaceutical applications.

**Durability and Reliability:** Offers exceptional resistance to extreme temperatures and harsh environments, guaranteeing long-lasting performance.

**Versatility:** Suitable for a wide range of applications, from seals and gaskets to tubing and more, providing comprehensive safety solutions.

Elastostar's FDA Metal-Detectable Silicone Rubber Products are a testament to the company's dedication to advancing safety and quality. These products are part of a broader initiative to provide cutting-edge solutions that meet the evolving demands of various industries.
