

Crest Infosolutions expands operations in Indonesia, offering Alfresco ECM and BPM solutions for diverse sectors

Businesses looking to modernize their legacy ECM and Workflow/BPM platform can benefit from Modern and Cloud-Native Alfresco platform to serve their customers.

JAKARTA, INDONESIA, July 30, 2024

/EINPresswire.com/ -- [Crest](#)

[Infosolutions](#), a premier Hyland

[Alfresco](#) Partner, is excited to

announce the expansion of its

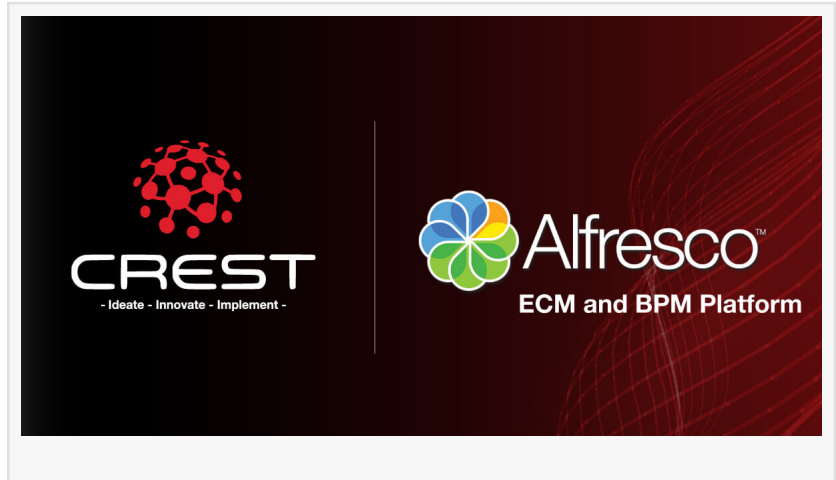

operations in Indonesia. With a robust

portfolio of services including Enterprise Content Management (ECM), Electronic [Document](#)

[Management](#), Records Management, and Workflow/BPM solutions, Crest Infosolutions is set to

revolutionize content management for organizations across Banking, Finance, Insurance, Retail,

Manufacturing, and the Public sector.

“

Expanding into Indonesia highlights our commitment to delivering top-tier ECM and BPM solutions. We address business challenges in content and workflow management using Alfresco Enterprise platform.”

Hemant Prasad, CEO, Crest Infosolutions

As digital transformation continues to sweep across industries, the demand for sophisticated content management solutions has never been higher. Crest Infosolutions' expansion into Indonesia comes at a pivotal time, offering businesses the tools and expertise needed to manage their content more efficiently, securely, and in compliance with regulatory standards.

Driving Digital Transformation in Indonesia

Crest Infosolutions is committed to helping Indonesian businesses transition from traditional, paper-based

systems to modern, cloud-native platforms. With a focus on Hyland's Alfresco solutions, Crest empowers organizations to streamline their content management processes, improve operational efficiency, and enhance collaboration.

Comprehensive Solutions for Diverse Industries

Crest Infosolutions brings a wealth of experience and a comprehensive suite of services to the Indonesian market. The company's offerings include:

- Enterprise Content Management (ECM): Robust solutions that enable organizations to capture, store, manage, and deliver content and documents related to organizational processes. ECM tools help reduce costs, ensure compliance, and improve operational efficiency.
- Electronic Document Management: Efficient systems for managing documents electronically, allowing for easy retrieval, sharing, and collaboration. These solutions reduce the reliance on paper documents, thereby enhancing productivity and reducing environmental impact.
- Records Management: Solutions designed to manage the lifecycle of records from creation to disposal. This ensures compliance with regulatory requirements and supports governance policies.
- Workflow/BPM Solutions: Advanced workflow and business process management tools that automate and optimize business processes. These solutions help organizations improve agility, reduce errors, and enhance decision-making.
- Migration Services: Expert services to help organizations migrate from legacy systems like FileNet, OpenText, and SharePoint to modern, cloud-native platforms. Crest ensures a seamless transition with minimal disruption to business operations.

Empowering Key Sectors

Crest Infosolutions' solutions are tailored to meet the specific needs of various industries:

1. Banking and Finance: Streamlined document management and workflow solutions that enhance compliance, security, and customer service.
2. Insurance: Efficient handling of claims, policies, and customer communications through robust ECM and BPM tools.
3. Retail: Improved management of supply chain documents, customer data, and compliance records.
4. Manufacturing: Enhanced document control, quality management, and operational efficiency.
5. Public Sector: Secure and compliant management of public records, enhancing transparency and service delivery.

Strategic Partnership with Hyland

As a trusted Hyland Alfresco Partner, Crest Infosolutions leverages Hyland's powerful content services platform to deliver innovative solutions. Hyland's Alfresco solutions are renowned for

their scalability, flexibility, and ability to integrate seamlessly with other business systems. “Partnering with Hyland allows us to offer our clients world-class solutions that are both robust and versatile,” said [Executive Name]. “We are committed to helping our clients harness the full potential of Hyland’s technology to achieve their business objectives.”
