zHealth Recognized as G2 Summer Leader 2024 in Chiropractic Software Category
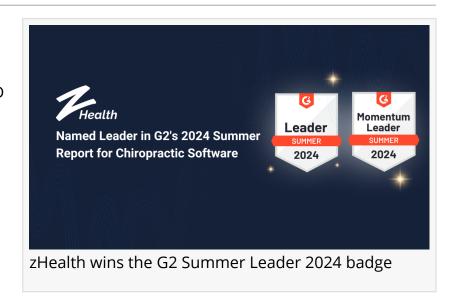

zHealth Wins G2 Summer Leader 2024 Badge for Top Chiropractic Software

SAN FRANCISCO, CALIFORNIA , UNITED STATES, July 19, 2024 /EINPresswire.com/ -- zHealth, the leading provider of cloud-based practice management software solutions for wellness providers, has been named a Leader in the chiropractic software category, according to the latest G2 Summer 2024 reports.

zHealth wins the G2 Summer Leader 2024 badge

The report recognizes zHealth with leader badges in Grid® Report for Chiropractic for Summer 2024 and Momentum Grid® Report for Chiropractic for Summer 2024.

G2 assesses software companies based on customer satisfaction through user reviews and market presence encompassing market share, company size, and social impact. zHealth has thrived in these areas due to excellent user feedback and significant market presence.

"We are excited that the latest G2 reports underscore the breadth of our product capabilities and customer satisfaction," said Sukhi Singh, CEO and founder of zHealth. "At zHealth, we prioritize customer satisfaction in all we do! We are immensely grateful for the trust our customers have shown us, which has enabled us to achieve this remarkable recognition. We look forward to strengthening our leadership in chiropractic software throughout 2024 and beyond."
zHealth stands out as a leading all-in-one chiropractic software solution designed to streamline and automate chiropractic practices. Its features include online appointment scheduling, unlimited reminders, custom & self-service SOAP notes, billing, Google Calendar integration, patient recall messages, online review automation, and a 2-way texting solution.

"The exceptional support system and wealth of helpful guides and articles further enhance the user experience. Integration of new features to facilitate the management and navigation of the system. The whole team worked with me to modify my soap notes, the process, and the

communication were smooth and they are really easy to work with. They are responsive and they care for the clients."
– Lorenil B., Doctor of Chiropractic

About zHealth:
