

Sleepare Launches First Try & Buy Online-Mattress Store & Showroom in Toronto, Canada

Leading online-mattress retailer Sleepare launches the first-of-its-kind, try-and-buy online mattress store and showroom in Toronto, Canada.

TORONTO, ONTARIO, CANADA, July 25, 2024 /EINPresswire.com/ -- Leading online-mattress retailer Sleepare launches the first-of-its-kind, try-and-buy online mattress store and showroom in Toronto, Canada.

Sleepare's new try-and-buy concept enables guests to test out any of their exclusive online mattresses in their local store before they make a buying decision. In a no-pressure environment with personalized support throughout the process, the customer gets exactly what they need when buying a mattress.

“

Completely satisfied with the experience. Friendly, knowledgeable staff. Good selection of high-end mattresses not easily available in Canada. The “white glove” delivery service was great.”

Paul R.

The Toronto location is already noted for its extensive line of high-quality mattresses. The lineup includes the most innovative and newly released products from top brands, including:

- Bear
- Dreamcloud
- Ghostbed
- Mlily
- Winkbeds
- Helix
- Leesa

- Lull
- Nectar
- Puffy
- Brooklyn Bedding

These brands are generally only available when you buy them online, but Sleepare has flipped the process and put the decision-making in the hands of a nice little nap.

The concept is interesting, and you're sure to find it ideal. Most often, these mattress manufacturers sell directly to the public, often meaning the customer doesn't get the traditional ability to try out the mattress in-store before making a purchase. With Sleepare's new concept, it's possible to get the best of both worlds: Low-cost, high-quality mattresses buyers know will fit their preferences and create the opportunity for a good night's sleep.

Sleepare is putting even more on the line with this new offer by guaranteeing their products. They will price-match all of the mattresses in their showroom. That means customers can try out the mattress options available to them and make a confident purchase, knowing they are getting the lowest possible price as well.

"We are thrilled to bring our unique try-and-buy concept to Toronto, Canada," said Sleepare's CEO Shanir Kol. "We understand that buying a mattress is a significant decision, and we want to ensure our customers are completely satisfied with their purchase. Our Toronto mattress store enables customers to test out the mattresses they have been considering online."
