"The reason we are so focused on a plumber with mesothelioma in Maine is because they might have had as much exposure to asbestos as a shipyard worker at Portsmouth. Aside from being exposed to asbestos via digging through asbestos containing insulation to fix a broken pipe, plumbers would have also been exposed to asbestos replacing water pumps, and or repairing furnaces or boilers. For a plumber working before the early 1980s they probably would have had asbestos exposure daily, and it might have been extreme exposure.

"If your husband or dad is a current or former plumber who has just been diagnosed with mesothelioma anywhere in Maine, please call attorney Joe Belluck of Belluck & Fox anytime at 866-714-6466. If you want the best mesothelioma compensation it is vital you hire the most capable mesothelioma attorney." <https://www.belluckfox.Com>

The Maine Mesothelioma Victims Center is also appealing to a Navy Veteran or worker who had significant exposure to asbestos before 1983 and who now has lung cancer anywhere in Maine to please call them at 866-714-6466 about compensation. A compensation settlement for a person like this might be hundreds of thousands of dollars, and for Veterans there might also be VA Benefits.
