TAMPA, FLORIDA, USA, July 23, 2024

/EINPresswire.com/ -- The Florida Mesothelioma Victims Center says, "If your loved one is a marine mechanic or maritime worker and they have just been diagnosed with mesothelioma or asbestos exposure lung cancer anywhere in Florida please call the remarkable lawyers at the Gori Law Firm at 866-532-2106. The Gori Law firm has an office in Tampa, and they are considered by many to be Americas elite law firm for people with mesothelioma or asbestos exposure lung cancer-especially for maritime workers or marine mechanics.

"Florida is not only the Sunshine State it is also the boating capital of the world and to maintain these boats and ships it takes maritime workers and marine mechanics. Before the early 1980's maritime workers and marine mechanics would have had routine exposure to asbestos working on boat-ship engines, or maintaining boats or ships. In some instances, the exposure to asbestos might have been extreme. The only way a person can get mesothelioma is via asbestos exposure. Asbestos exposure is also responsible for thousands of people developing lung cancer each year.

"If your husband or dad is a maritime worker or marine mechanic with mesothelioma or asbestos exposure lung cancer anywhere in Florida, please call the Gori Law Firm at 866-532-2106 to discuss financial compensation.
