

Chen Home by Chun Nan Chen Wins Iron A' Design Award in Interior Space and Exhibition Design Category

Chun Nan Chen's Innovative Residential Design, Chen Home, Receives International Recognition in the A' Interior Space and Exhibition Design Awards

COMO, CO, ITALY, July 22, 2024 /EINPresswire.com/ -- The A' Design Award, a highly respected recognition in the field of [interior](#) design, has announced [Chun Nan Chen](#) as a winner in the Interior Space and Exhibition Design category for the innovative residential project, Chen Home. This prestigious award celebrates the outstanding achievements of designers who demonstrate exceptional creativity, functionality, and adherence to industry best practices.

Chen Home's recognition in the A' Interior Space and Exhibition [Design Awards](#) holds significant relevance for the interior design industry and potential customers. The project showcases a masterful transformation of a 50-year-old brick dormitory into a modern, sustainable, and aesthetically pleasing residence. By revitalizing an aging structure, Chen Home demonstrates the potential for innovative design to breathe new life into existing spaces, aligning with the growing trend of adaptive reuse and sustainable design practices.

The award-winning design of Chen Home stands out for its harmonious blend of old and new elements, creating a rich and nostalgic atmosphere while incorporating modern conveniences and style. The exterior features a combination of cement hollow bricks, squeezed stones, and dark gray aluminum grilles, creating a transparent and private facade that integrates seamlessly with the surrounding environment. Inside, the use of local materials such as wood veneer, earth-

colored tiles, and natural paints contributes to the creation of a warm and personalized living space that reflects the exquisiteness of life through simplicity and comfort.

The recognition bestowed upon Chen Home by the A' Interior Space and Exhibition Design Awards serves as an inspiration for Chun Nan Chen and the design team to continue pushing the boundaries of interior design. This accolade validates their approach to revitalizing old structures and improving urban aesthetics, motivating them to explore further opportunities to transform spaces and enhance people's living conditions. By setting a high standard for adaptive reuse and sustainable design, Chen Home has the potential to influence future projects and inspire other designers to prioritize the harmonious integration of old and new elements in their work.
