

# Ursa by Alperen Aslan Wins Iron A' Design Award in Yacht and Marine Vessels Design Category

*Alperen Aslan's Innovative Catamaran Yacht Design, Ursa, Receives Prestigious Recognition from the A' Design Award and Competition*

COMO, CO, ITALY, July 22, 2024

[/EINPresswire.com/](https://www.einpresswire.com/) -- The A' [Design Award](#) and Competition, a highly respected and well-recognized award in the field of [yacht](#) design, has announced Ursa, a catamaran yacht designed by [Alperen Aslan](#), as a winner of the Iron A' Design Award in the Yacht and Marine Vessels Design category. This prestigious recognition highlights the significance of Ursa's innovative design within the yacht industry.

Ursa's award-winning design showcases its relevance to current trends and needs within the yacht industry. By integrating historical maritime heritage with contemporary sensibilities, Ursa aligns with and advances yacht design standards and practices. The vessel offers practical benefits for users, the industry, and other stakeholders, emphasizing utility and innovation in its spacious layouts, accommodations for up to 10 guests, and comfortable, personalized voyages at sea.

What sets Ursa apart is its unique blend of Scandinavian architectural elements and the bold spirit of the Vikings. The 45-meter long, 10.50-meter wide electric-powered catamaran boasts a state-of-the-art carbon superstructure, meticulously crafted to meet contemporary maritime standards. The hull's versatility allows for construction in composite or aluminum materials, while the decks are envisioned to feature luxurious, water-resistant teak coverings.

This recognition from the A' Yacht and Marine Vessels Design Award serves as motivation for

Ursa

Alperen Aslan to continue striving for excellence and innovation in future projects. The award inspires the exploration of new design directions and fosters further creativity within the brand, without implying dominance over the industry. Ursa's success showcases Alperen Aslan's commitment to pushing the boundaries of yacht design.
