DANIA BEACH, FLORIDA, UNITED STATES, July 31, 2024

/EINPresswire.com/ -- Casino enthusiasts Steve and Matt Bourie, known as "The Jackpot Gents," have further solidified their claim that video poker outperforms traditional slot machines. As of July 31, 2024, the father-son duo reports winnings of \$14,114.07 for the year, a significant increase from their June 30 total of \$5,222.62.

The Jackpot Gents' YouTube channel, <https://www.youtube.com/@TheJackpotGents>, featuring daily real-money video poker sessions, continues to gain popularity in the gaming community.

Unlike many slot influencers who only showcase winning sessions, Steve and Matt Bourie provide a comprehensive look at their gameplay, including both wins and losses.

"Our July performance has been exceptional," said Steve Bourie. "This substantial increase in our winnings further validates our philosophy that video poker, when played strategically, offers superior value compared to slots."

The duo's success is particularly noteworthy given the challenges faced by many slot influencers. With slot machines typically having a house edge of 10-14%, long-term profitability is extremely difficult. Many successful slot influencers must rely on additional income streams to sustain their play.

In contrast, the Jackpot Gents attribute their success to the more favorable odds of video poker. "Video poker games typically have an edge of only 1 to 2% when played with optimal strategy," Matt Bourie explained. "This makes it much more feasible for skilled players to come out ahead in the long run."

The Jackpot Gents' journey hasn't been without challenges. They initially found themselves down about \$24,000 after an abnormally long losing streak. However, their persistence and strategy paid off, resulting in a remarkable turnaround.

"We hope our experience continues to encourage more players to consider video poker," Matt Bourie added. "It's a game of skill that offers better odds and a more engaging experience than traditional slots."

Adding to their robust content offerings, the Jackpot Gents also present a weekly livestream every Monday night at 8pm EST/5pm PST. During these live sessions, Steve and Matt Bourie play video poker in real-time at a casino, offering viewers an immersive experience and the opportunity to interact with them directly.

"Our Monday night livestreams allow us to connect with our audience in a more immediate way," Steve Bourie explained. "Viewers can see us apply our strategies in a live casino environment and ask questions as we play. It's an exciting way to bring the casino experience directly to our fans."
