

# Giddens Law Firm, P.A. Warns Mississippi Drivers To Stay Safe Amid Recent Car Fatalities

---

Jackson, MS – Mississippi car accident lawyer John Giddens from Giddens Law Firm, P.A. warns those traveling this summer to stay cautious when getting behind the wheel.

Over the July 4th holiday period, there were four deadly crashes reported throughout the state. Independence Day is generally a busy day on the roadways, and this year was no different. One such crash involved a young man driving north on Highway 13 in Pearl River County before colliding with another driver heading south. Giddens Law Firm, P.A. is urging drivers to stay safe whilst traveling at busy times due to the increased risk of accidents.

As a personal injury lawyer, John Giddens is all too familiar with the negative and potentially catastrophic effect a car accident can have on a family. He wants to remind all drivers about taking their time and staying safe while on the roads. “We don’t need any more needless deaths on the roadways this summer,” John Giddens said. “Remember to stay alert, make sure your car is in good working order, and keep your eyes on the road at all times.”

There are hundreds of car accidents in Mississippi every year. The main factor these car wrecks have in common is that they were the result of someone’s negligence. Some of the causes were distracted driving, drunk driving, speeding, or drowsy driving. In addition to the recklessness of speeding, many speeding drivers involved in fatal car crashes were not wearing their seat belts at the time of the accident.

Car accidents can cause a significant amount of debt. With medical bills building up as a result of injuries, altered quality of life, long-term care, as well as lost pay and mental suffering, victims may require compensation to get back onto their feet. Car accident lawyers, Giddens Law Firm, P.A. are available to help and immediately get the compensation victims need for injuries. The personal injury firm has won millions in settlements and verdicts for clients injured in car, truck, and motorcycle accidents.
