/EINPresswire.com/ -- Couples looking for a stress-free day to say vows on the shores of West Florida have a new decor option from Suncoast Weddings. In addition to their bamboo and birchwood arches, a new circular 'moongate' arch has been added, it can be included in one of the [affordable Florida beach wedding packages](#) or selected as an item when building a beach wedding or vow renewal from scratch.

Designed to showcase the beauty of the wood, the moongate arch brings another element of nature to the Florida shoreline. Popular themes to accompany the arch include grasses like pampas grass and floral arrangements, ranging from dried flowers, to silk flowers, fresh blooms, or a mixture. A modern and eclectic ceremony space can be created with asymmetrical placement of the floral accents. Colors that are particularly popular at the moment for a stylish beach wedding include dusky pink, cornflower blue, bronze, and sage, although Suncoast Weddings has a wide selection of colorful chiffon to choose from. Any color theme chosen for the arch can be extended throughout the space by adding accents
