COMO, CO, ITALY, July 24, 2024
/EINPresswire.com/ -- The esteemed A' [Interior](#) Space, Retail and Exhibition Design Award has announced Meland Club, an exceptional indoor playground designed by [Li Xiang](#), as the recipient of the prestigious Platinum A' Design Award. This highly respected award recognizes the most outstanding and innovative designs within the interior design industry, celebrating creativity, functionality, and aesthetic appeal.

The Platinum A' Design Award for Meland Club holds significant relevance for the interior design industry and its stakeholders. This recognition not only highlights the exceptional design capabilities of Li Xiang and her team at X+Living but also sets new standards for indoor playground design. The award-winning project showcases how innovative design can enhance the user experience, create immersive environments, and contribute to the overall advancement of the interior design field.

Meland Club stands out as a remarkable indoor playground design that seamlessly integrates architectural aesthetics, mechanical elements, and artistic decoration. The design team skillfully deconstructed the rigid structures of mechanical motion and recreated dynamic rhythmic beauty through condensed static beauty. The inspirational narrative behind the design revolves around protecting endangered wildlife, utilizing abstract mechanical styles to recreate supernatural landscapes and vibrant colors and animal imagery to conjure a revival of all living things.

The Platinum A' Design Award for Meland Club is expected to have far-reaching implications for Li Xiang and X+Living. This recognition not only validates their design excellence but also serves as a catalyst for future innovative projects. The award will undoubtedly inspire the team to continue pushing the boundaries of interior design, exploring new concepts, and setting higher standards within the industry. This achievement is a testament to their dedication, creativity, and commitment to creating spaces that captivate and inspire.
