The Fiduciary Advisor Network stands as a beacon of trust and reliability for financial advisors. With a focus on integrity, professionalism, and client-centric service, the network empowers advisors to achieve their full potential while upholding the highest standards of fiduciary responsibility.

"Today, I am thrilled to welcome the newest member of The Fiduciary Advisor Network. Their talent, passion, and dedication will undoubtedly be a tremendous asset to our goal of providing holistic fiduciary guidance. Together, we will not only elevate the standard of fiduciary advice but also create meaningful, positive impacts in communities around the nation. This partnership marks a significant step forward in our mission to provide unparalleled service for those that we serve." - Rick McClanahan, Founder and CEO of The Fiduciary Advisor Network

Central to its mission is the recent addition of our new advisor who has obtained the prestigious Certified Financial Fiduciary® designation. This designation underscores the advisor's unwavering commitment to ethical conduct and fiduciary duty, aligning perfectly with The Fiduciary Advisor Network's core values. In addition to successfully becoming a CF2, and a FAN member, Kevin has also earned the opportunity to teach on behalf of the Foundation for Fiduciary Education. FFE is one of the many tools that will forge a prolific presence within the Orlando community through its financial education courses that are offered in person, and online.

"I was an early adopter of the CF2 because it offered an unique positioning of being part of an organization of likeminded professionals whose purpose it is to serve the best interests of our clients. I am able to assist them to clarify and quantify their goals as well as advocate for them in the marketplace of choices to implement the best solutions to reach those goals on time." - Kevin Smith, CLU, ChFC, Certified Financial Fiduciary®
