BEVERLY HILLS, CALIFORNIA, UNITED STATES, July 25, 2024 /EINPresswire.com/ -- Social media sensation and model Sara Underwood, who boasts over 8.6 million followers on Instagram, recently revealed her stunning transformation thanks to [Neustem](#) treatments performed by the esteemed Dr. Simon Ourian at Epione Beverly Hills. Known for his innovative approach to non-surgical aesthetic procedures, Dr. Ourian continues to set the gold standard in the cosmetic industry, attracting high-profile clientele, including top influencers like Sara Underwood.

Sara Underwood sought out Dr. Ourian for his renowned expertise in advanced cosmetic treatments. Neustem, a revolutionary procedure, harnesses the power of stem cell technology to rejuvenate the skin, promoting a more youthful and radiant appearance. This cutting-edge treatment is designed to enhance natural beauty by stimulating collagen production, improving skin texture, and reducing the visible signs of aging.

Dr. Simon Ourian, founder of Epione Beverly Hills, has garnered acclaim for his groundbreaking work in aesthetic dermatology. His innovative Neustem treatment provides a non-surgical solution for skin rejuvenation, offering patients a safe and effective way to achieve a refreshed and youthful look. Dr. Ourian’s clientele includes celebrities

such as Jennifer Aniston, Kim Kardashian, and Victoria Beckham, all of whom trust his expertise

and artistry in delivering natural and transformative results.

“We are delighted to have Sara Underwood experience the transformative benefits of Neustem treatments,” said Dr. Ourian. “Neustem represents the future of aesthetic medicine, offering patients rejuvenated skin with minimal downtime. At Epione, we are dedicated to providing the most advanced and effective treatments available.”

Sara Underwood’s Neustem treatment involved the application of stem cell-based serums to targeted areas of her face. This non-invasive procedure promotes skin regeneration, resulting in a smoother, firmer, and more youthful complexion.

The treatment works by utilizing the regenerative properties of stem cells to stimulate the skin’s natural healing processes, enhancing elasticity, and reducing fine lines and wrinkles. With little to no downtime, patients can enjoy the benefits of Neustem almost immediately, making it a popular choice for those seeking quick and natural-looking results.

The process of Neustem treatment at Epione Beverly Hills begins with a comprehensive consultation, during which Dr. Ourian assesses the patient’s skin and discusses their aesthetic goals. The treatment itself is tailored to each individual’s needs, ensuring optimal results. Patients often report a noticeable improvement in skin tone and texture shortly after the procedure, with continued enhancements as the skin continues to regenerate over the following weeks.

“We know Sara is used to building amazing cabins at Cabin Land,” joked Dr. Ourian, “but we’re
