I've spent 20 years studying why adults choose not to love themselves and learned that our current parenting model sets us up to reject ourselves. It's completely backwards. We're changing this!"

PRODIGI KIDS REVOLUTIONIZES
PARENTING WITH GROUNDBREAKING
SELF WORTH PARENTING PARADIGM

BACKED BY TWO DECADES OF STUDY, THE PARADIGM CAN BE FOUND ON THEIR NEW DIGITAL PLATFORM WITH EBOOK, BLOG, VIDEO CONTENT, AND PARENT COACHING.

Prodigi Kids, the purpose driven eCommerce company based in Southern California, is radically changing the child development landscape with the launch of its [Prodigi Kids Self Worth Parenting Paradigm eBook](#) a new way for parents to raise their children with self worth. The paradigm is the brainchild of CEO Karen Braveheart and connects parents and their children in loving moments, the building blocks of self worth in the subconscious mind, the most powerful part of the brain, and the key to happiness in adulthood.

"In this high tech world we live in, we sometimes forget that the most profound gift we can give our children is to connect in love and be fully present with them by engaging in back and forth interactions. It sounds simple; yet, these moments have the most critical impact on a baby's brain development for life." -says Braveheart.

Prodigi Kids Self Worth Parenting Paradigm

The Paradigm empowers parents to cultivate their child's inner world to love themselves. It reveals rare insights into how our current parenting model, steeped in shame-based punishment, is fundamentally flawed. Braveheart's research reveals a startling truth- Punishment erodes a child's self worth, planting seeds of shame in a child's subconscious brain that sprout into psychological challenges- codependency, addiction, and other mental health disorders.

"I've spent twenty years studying why adults choose not to love themselves and learned that our current parenting model sets us up to reject ourselves and our dreams instead of developing self worth- the belief in ourselves, our dreams, and that we deserve a happy

life. It's completely backward." says Braveheart. Instead of fear and control, Prodigy Kids is about connection." Every Prodigy Kids design has in its DNA the creation of loving moments of connection between parents and their children.
