

# ICON Technologies Offers Spin Weld Drivers to Affix Spin Fittings to ICON Fresh Water Tanks for RVs

*Winkler, Manitoba-based company offers spin weld drivers for secure installation of fittings on RV fresh water tanks, enhancing durability and performance.*

WINKLER, MANITOBA, CANADA, July 26, 2024 /EINPresswire.com/ -- [ICON](#)

[Technologies Limited](#), a leading supplier of RV replacement and enhancement parts, offers [spin weld drivers](#) designed specifically for affixing spin fittings to ICON [fresh water tanks for recreational vehicles \(RVs\)](#). This tool addresses common installation challenges and offers improved durability compared to existing market options to RV owners in the United States and Canada.

Engineered in-house by ICON's team of experts, these spin weld drivers were initially developed to meet the company's own manufacturing needs. Recognizing the tool's potential to benefit the broader RV community, ICON has decided to make it available to the public.

"Our spin weld drivers represent a significant improvement over what's currently available in the market," said Mr. John Loewen, President and CEO of ICON. "We've redesigned the shaft to be more robust, greatly reducing the risk of bending when installing fittings on uneven surfaces. This not only enhances the installation process but also ensures a more secure and long-lasting connection."

The spin weld drivers are compatible with rotationally molded waste and fresh water tanks known for their durability and innovative design. These tanks, along with ICON's waste holding tanks, are manufactured using advanced thermoforming and rotational molding techniques, allowing for custom shapes and sizes to fit various RV models.

## Key Features and Benefits:

- **Robust Design:** The redesigned shaft of the spin weld drivers resists bending, ensuring longevity and consistent performance.

- Versatility: Suitable for both waste and fresh water tanks, providing a comprehensive solution for RV maintenance and modifications.
- Enhanced Durability: Engineered to withstand the rigors of installation, the spin weld drivers are built to last, making them a reliable tool for both professionals and DIY enthusiasts.

ICON Technologies' dedication to exceptional service extends beyond its product offerings. The company prides itself on providing comprehensive support to its customers, including:

- Technical expertise: ICON's knowledgeable team is always happy to answer questions and provide guidance on product selection and application.
- Extensive product selection: ICON offers a comprehensive range of RV parts and accessories catering to diverse needs and preferences.
- Reliable warranty: ICON stands behind its products with a one-year warranty that provides peace of mind to its customers.
- Customer-centric approach: ICON prioritizes customer satisfaction and is committed to exceeding expectations through exceptional service and support.

For RV enthusiasts and professionals across the United States, ICON's products are easily accessible. The company offers free shipping on orders over \$700 within the continental U.S., with expedited shipping options available for those requiring faster delivery.

As ICON Technologies celebrates over 25 years in the industry, the introduction of these spin weld drivers reaffirms their dedication to innovation and customer service. "We're constantly looking for ways to improve the RV experience," Loewen added. "These drivers are just one example of how we're addressing real needs in the market."
