On July 23, 2024, more violence occurred on the 2900 block of Nelson Place in SE Washington, DC. [Three young ladies were shot](#) on the block in another senseless crime that is now on the news. Unfortunately, these recent senseless shootings are just the latest in a string of shootings and killings on this specific block, which is well-known in the area for drug dealing, vagrancy, and deterioration. Pleas to the 6th District MPD has produced little for the last twenty years. Landlords on Nelson Place have received many promises from District Commanders that have consistently failed. The MPD, Ward 7 City Council has failed us, and the D.C. Government has failed us, and we are fed up!

O'Connor's Liquors on 2900 Minnesota Avenue is a big part of the problem. This well-known liquor store attracts bums, alcoholics, vagrants and drug dealers and must be removed from our community. We are tired of liquor stores feeding us death and destruction in our area and all over this city. This happens because we are Black, and we are being taken advantage of. But the day for this is up. We are starting a boycott/ shutdown campaign, and we will not let up until this
