

The Home Loan Arranger Sees Surge in Applications for Cash-Out Refinance and Debt Consolidation Loans

The Home Loan Arranger is seeing a notable rise in demand for cash-out refinancing and debt consolidation loans

DENVER, COLORADO, UNITED STATES, August 28, 2024 /EINPresswire.com/ -- Jason Ruedy, President and CEO of The Home Loan Arranger, has noticed a significant increase in applications for [cash-out refinance](#) and debt

consolidation loans. With 30-year mortgage rates in the 5's, homeowners are motivated to take advantage of the opportunity to consolidate their debt into a lower monthly payment, potentially saving thousands of dollars per month.

Lower rates, lower fees, faster closings, that's how The Home Loan Arranger does business”

According to Ruedy, many homeowners are taking advantage of the current [low interest rates](#) to refinance their mortgages and consolidate their debt. This allows them to combine their high-interest credit card debt and other loans into one manageable monthly payment with a lower interest rate. Ruedy believes that this trend is a result of homeowners becoming more financially savvy

and looking for ways to save money.

One of the most attractive features of these loans, according to Ruedy, is that homeowners may not need an appraisal to qualify. This means that homeowners can potentially save time and money by not having to go through the appraisal process. Additionally, these loans can close quickly, allowing homeowners to start saving money sooner rather than later.

Ruedy encourages homeowners to take advantage of the current market conditions and consider a cash-out refinance or [debt consolidation loan](#). With the potential to save thousands of dollars per month, it is a smart financial decision for many homeowners. The Home Loan

Arranger is dedicated to helping homeowners find the best loan options for their individual needs and financial goals.
