

Shenzhen Book Mall by Zhubo Design Wins Gold in A' Architecture Awards

Zhubo Design's Innovative Shenzhen Book Mall Recognized for Excellence in Architecture, Building and Structure Design

COMO, CO, ITALY, July 29, 2024 /EINPresswire.com/ -- The A' [Design Award](#), a highly respected award in the field of [architecture](#) design, has announced [Zhubo Design's](#) Shenzhen Book Mall as the recipient of the Golden A' Design Award in the Architecture, Building and Structure Design category. This prestigious recognition highlights the significance of the Shenzhen Book Mall within the architecture industry, positioning it as a benchmark for innovative design and excellence.

Shenzhen Book Mall

The Shenzhen Book Mall's award-winning design showcases its relevance to current trends and needs within the architecture industry. By integrating the building seamlessly with the surrounding landscape and creating a harmonious blend of architecture, city, and nature, Zhubo Design has demonstrated its commitment to advancing industry standards and practices. The design offers practical benefits for users, the industry, and other stakeholders, emphasizing utility and innovation.

What sets the Shenzhen Book Mall apart is its unique approach to integrating architecture and landscape. By partially burying the building under a gently lifting green space, Zhubo Design has created a park that slopes towards the central axis, allowing for more greenery to be seen and shading the cluttered streetscape across the road. The design contemplates the relationship between architecture, the city, and nature, where the building becomes an integral part of the city, packed into nature.

This recognition from the A' Design Award serves as motivation for Zhubo Design to continue striving for excellence and innovation in future projects. The award-winning design of the Shenzhen Book Mall is expected to inspire further exploration and advancement in the field of architecture, showcasing the potential for harmonious integration of built structures with their natural surroundings.

Shenzhen Book Mall was designed by Wang Ruiqi, Wang Zijia, Zhang Tao, Huang Jiongming, Zhang Zhilin, Feng Guochuan, Guan Tong, Chen Gongchao, Liu Yixin, Zhang Chunliang, Deng Hua, Xiao Yebao, Yang Sihui, Ye Jingliu, and the Zhubo Design team. Each member contributed their expertise to create this exceptional architectural design.

About Zhubo Design

Founded in 1996, Zhubo Design is a leading architectural design firm based in China, offering comprehensive design solutions ranging from architectural design to urban planning, landscape design, and interior design. With a focus on advanced technologies and a commitment to social responsibility, Zhubo Design has expanded its services to include prefabricated architecture, BIM technology, green building, sponge city, and intelligent building design. The company's values of global vision, social responsibility, and humanistic concern drive its approach to creating architecturally significant and socially impactful designs.

About Bureau Of Public Works Of Shenzhen Municipality Engineering Design Management Center

Established in 2017, the Engineering Design Management Center is a professional institution under the Bureau of Public Works of Shenzhen Municipality. It aims to implement professional early-stage management and full-process management of design, contributing to Shenzhen's development as an international, modern, and innovative city. The center's responsibilities include conducting engineering project demand research, organizing design bidding, overseeing project design phases, preparing budget estimates, researching design standards, and collaborating with design units during the construction phase.

About Golden A' Design Award

The Golden A' Design Award is a prestigious recognition granted to designs that exhibit a high level of innovation, technical proficiency, and aesthetic appeal within the Architecture, Building and Structure Design category. Winning designs are selected based on rigorous evaluation criteria, including innovative use of space, structural integrity, environmental impact, functional efficiency, and social relevance. The award serves as a mark of excellence, acknowledging the exceptional skill and vision of the designers and encouraging further advancement in the field of architecture.

About A' Design Award

The A' Design Award is an international, juried design competition that recognizes and promotes superior products and projects across all industries. Established in 2008, the award aims to make the world a better place through the transformative power of good design. By showcasing pioneering designs on a global stage and celebrating the creative minds behind them, the A' Design Award drives inspiration and advancement in the design community. The competition welcomes entries from star architects, engineering firms, leading construction companies, and influential brands, providing an opportunity to gain worldwide recognition and increased stature within the competitive industry.
