

# Nova by Eugenio Bini Wins Golden A' Design Award in Interface, Interaction and User Experience Design Category

*Innovative App Interface Recognized for Excellence in User Experience Design and Functionality*

COMO, CO, ITALY, July 29, 2024 /EINPresswire.com/ -- The A' Design Award, a highly respected and well-recognized award in the field of [interface](#) design, has announced [Eugenio Bini's](#) "Nova" as the recipient of the Golden A' Design Award in the Interface, Interaction and User Experience Design category. This prestigious recognition highlights the exceptional design and functionality of the Nova app, which sets new standards for user experience in the industry.

The A' Interface, Interaction and User Experience Design Award is highly relevant to the industry and its customers, as it recognizes designs that prioritize user engagement, productivity, and accessibility. By winning this award, Nova demonstrates its alignment with current trends and best practices in interface design, showcasing its practical benefits for users and stakeholders alike.

Nova stands out in the market with its clean, minimal, and futuristic design that combines aesthetics with user-friendliness. The app's intuitive dashboard and enhanced status bar enable users to manage tasks efficiently, while captions and illustrations create a fluid and responsive user experience. Nova's integrated keyboard and vocal assistant further simplify input operations, making it a truly innovative solution for pharmacists, sales-people, and warehouse workers.

Nova

This recognition from the A' Design Award serves as motivation for Eugenio Bini and his team to continue striving for excellence and innovation in their future projects. The award not only validates the exceptional design of Nova but also inspires the brand to explore new avenues for creating transformative user experiences that positively impact the industry.

#### About Eugenio Bini

Eugenio Bini is a multi-faceted architect and engineer from Italy, known for his diverse skill set and visionary approach in various design fields. His ability to cater to diverse needs and adapt to different economic contexts has earned him significant trust and respect by national and international companies. Bini's work has been recognized with many awards and commendations, and he is dedicated to teaching and research, contributing to the fields of communication, design, visual arts, and urban planning.

#### About Beingarch

Beingarch is a global design firm based in Perugia, Italy, that aims to build transformative physical and digital experiences for leading brands by blending AI, design, and technology. The office is currently involved in many projects across the globe, embracing multiple design fields and scales of intervention, from branding and UX to industrial design, architecture, and urban planning.

#### About Golden A' Design Award

The Golden A' Design Award is a significant achievement granted to designs that exhibit a high level of innovation and impact in the Interface, Interaction and User Experience Design category. Winners are selected based on criteria such as user experience optimization, visual hierarchy implementation, innovative functionality, accessibility considerations, and intuitive navigation design. The award recognizes designs that push boundaries, inspire future innovations, and contribute to the advancement of the interface design industry.

#### About A' Design Award

The A' Design Award is an international, juried design competition organized annually since 2008. It recognizes and promotes superior products and projects across all industries, with the ultimate aim of creating a better world through the power of good design. By showcasing pioneering designs on a global stage and celebrating the creative minds behind them, the A' Design Award drives forward the cycle of inspiration and advancement in the design community.
