Artisan Spirits & Copper Cards found along the Paso Robles Distillery Trail

The Paso Robles Distillery Trail features 13 member distilleries in the Paso Robles wine country and throughout San Luis Obispo County. Collectively, these distilleries represent the region's swift rise as one of the nation's leading destinations for enthusiasts of artisanal whiskeys, brandies, gins, vodkas, liqueurs and other craft spirits—all created amidst the magical California Central Coast landscape.

What sets the Paso Robles Distillery Trail apart is its focus on wine grape-based spirits that showcase the region's rich viticultural heritage. Sustainably

authentic and delicious, many Paso Robles distilleries produce grape based spirits by capturing the prized saignee (free-run juice) that numerous wineries discard during the wine making process. They then have a quality ingredient from which to distill their artisanal spirits: vodka, gin, and specialty liquors. The distilling process can vary, similar to the winemaking process, with each distiller having their own distinct style and method. You are invited to visit our local distilleries to learn more, meet the distillers, take a tour and taste the difference. Whiskey lovers, don't despair, 7 of the distilleries on the PRDT craft bourbons, whiskeys and ryes that are oh so smooth, raising the bar in their class.
