

Alliance Background Introduces ABG VerifyXpress, Streamlined Employment Verification with Direct IRS Access

Alliance Background Enhances Employment Verification Process

ST. PETERSBURG, FL, UNITED STATES, July 30, 2024 /EINPresswire.com/ -- Alliance Background is pleased to announce the launch of ABG VerifyXpress a new service aimed at improving the employment verification process. This service utilizes direct access to IRS data to offer a more accurate, efficient, and cost-effective solution for employers.

Alliance Background's Employment Verification Service ABG VerifyXpress, offers a range of key benefits designed to streamline and enhance the verification process. Our service delivers cost-effective verification by providing access to up to 10 years of comprehensive employment history directly from the IRS at a competitive rate, ensuring fast and reliable reports without straining your budget. Embrace a modern and efficient solution with our cutting-edge system, which replaces outdated methods, whether you need a full-service solution or a supplement to your existing process.

The service delivers comprehensive employer information, including truncated names, addresses, and EIN numbers, giving users a complete view of employment history. Rapid verification of names and SSNs through Taxpayer Identification Number matching helps minimize delays and ensures accuracy. The service covers all previous employers, including 1099 contractors and small businesses, for a thorough employment history.

Digital authorization simplifies the verification process by eliminating the need for traditional tax return request forms, thus saving time. The user-friendly mobile interface allows for a smooth experience on various devices, and there is no requirement for an IRS.gov account, making the process more straightforward. Data security is a priority, with income information redacted from IRS records to comply with regulations and protect sensitive data.
