

Scholar-Only Version of Brilliantcrypto Releases on iOS; Android Version Release Expected for Early August

Earn crypto in your spare time or while on the move!

MINATO, TOKYO, JAPAN, July 31, 2024 /EINPresswire.com/ -- Brilliantcrypto, Inc. (Headquarters: Minato-ku, Tokyo; CEO: Naruatsu Baba; hereinafter referred to as 'Brilliantcrypto') has announced the release of a scholar-only mobile version of Brilliantcrypto for iOS.

Main Image

This is a version for scholars where players can borrow NFT pickaxes from owners for free and earn cryptocurrency (BRIL tokens) by playing. The release of the mobile version will expand the user base by allowing users who don't own a PC to play the game. Additionally, PC users will be able to play during their spare time while on the go, potentially increasing their playtime.

Also, a full mobile version for Android with the same features as the PC version is expected to be available on the official website as soon as early August.

About Brilliantcrypto

Explore deep into the mines of Brilliantcrypto, find brilliantstones, and receive crypto (BRIL). The more you mine, the more you'll earn!

About Scholarship (Scholars)

Players who borrow pickaxes from the owner to mine on their behalf are called "scholars." Based

on the share-rate set by the owner, a portion of BRIL is obtained by mining Brilliantstones.

About the BRIL Token

The BRIL Token is a crypto asset issued on the Polygon blockchain. The token has many usages in the Brilliantcrypto game, such as for purchasing, upgrading, and restoring the durability of the NFT pickaxes used in the game, and more. Through using the tokens in the game, players can make their gameplay more efficient.

For details about the BRIL token, please refer to the Brilliantcrypto Whitepaper.
