Nate Cain brings to light the FBI's unconstitutional surveillance and raiding of his home, confiscating his personal property, victimizing his family through intimidation, and a vicious smear campaign that lasted five years. The FBI also leaked his identity to the press with misinformation in an attempt to destroy his reputation and silence him.

Pedro Israel Orta, author of "[The Broken Whistle: A Deep State Run Amok](#)," tells his story of a CIA and US Intelligence Community conspiring to break every whistleblower protection law, defrauding whistleblowers of their civil rights and constitutional protections.
