Get inside Scoop of Accounts Payable & Procurement

Services Market @ <https://www.htfmarketintelligence.com/sample-report/global-accounts->

**Definition:**

Account payable and procurement service refers to maintaining the company's liability or debt owed due to the purchasing of services and products in a ledger. Growing digital transformation and complexity to maintain account payables or ledger in the spreadsheets or papers has led organizations towards the outsourcing of account payable & procurement to reduce the IT cost and eliminate errors. The huge amount of purchase of raw materials or goods in the manufacturing sector will accelerate the market growth as it helps to improve the payment process and maintain better relations with suppliers.

**Market Trends:**

Use of Technologically Advanced Solutions by the Service Providers to Improve Customer Experience

**Market Drivers:**

Growing Preference Towards the Account Payable & Procurement Services to Reduce IT and Training Cost

Surging Demand Outsourcing of Procurement Services to Improve Payment Process and Make Payment on Time

**Market Opportunities:**

Rapidly Growing Manufacturing Sector Across the Globe

**Market Leaders & Development Strategies:**

In January 2022, Priority Technology Holdings, Inc. announced a strategic partnership with a procurement partner. Priority Technology Holdings, Inc. is a technology company that enables customers to collect, store, and send money. Whereas Procurement Partners offers P2P (procure to pay) solutions for post-acute care and senior living communities.
