AUSTIN, TEXAS, USA, July 31, 2024

[/EINPresswire.com/](https://EINPresswire.com/) -- The highly anticipated [Data Center Anti-Conference \(DCAC\)](#) is proud to announce that [Mike Sarraille](#), Founder and CEO of Talent War Group and Founder of Legacy Expeditions, will be a featured keynote speaker at this year’s event. Known for his exemplary leadership in the military and business sectors, Sarraille will share his insights on building high-performance teams and the future of leadership in the rapidly evolving data center industry.

Keynote Speaker Mike Sarraille

As a retired US Navy SEAL and former Recon Marine and Scout-Sniper, Sarraille brings a wealth of experience in strategic operations and team dynamics. His keynote, titled "From Combat to the Cloud: Leadership Lessons for the 5th Industrial Revolution," will delve into the critical skills needed to navigate the challenges and opportunities presented by the digital transformation in the data center industry.

“We are thrilled to have Mike Sarraille join us at DCAC Austin,” said Kirk Offel, Founder, DCAC Austin. “His unique perspective on leadership and experience in high-stakes environments will provide invaluable insights to our attendees, particularly as we explore the intersection of technology and human performance in a mission critical environment.”

Sarraille is the author of the Amazon best-selling books "The Talent War: How Special Operations and Great Organizations Win on Talent" and "The Everyday Warrior: A No-hack, Practical

Approach to Life." Mike has led teams during extreme expeditions accumulating 4 x world records, most notably the Triple 7 Expedition, skydiving into all 7 continents in under 7 days. He is a 2023 and 2024 Global Gurus Top 30 Leadership Speaker and an editorial leader and podcast host of the Men's Journal's "Everyday Warrior Nation" alongside John Welbourn, retired NFL player. His work focuses on the principles of leadership, high-performing teams, culture, and the pursuit of excellence through a warrior mindset.

#TheDCAC, known for its dynamic and forward-thinking approach, brings together industry leaders, innovators, and professionals to discuss the latest trends and technologies in the data

center sector. The 2024 theme, "The Calm Before the Storm" promises to be groundbreaking with thought-provoking sessions, networking opportunities, and cutting-edge exhibits centered around collaboration and innovation needed for the challenges of the 5th Industrial Revolution.

“

Mike will provide invaluable insights to our attendees, particularly as we explore the intersection of technology and human performance in a mission-critical environment.”

Kirk Offel, Founder of DCAC
