Tim Salau will join an esteemed panel of influential speakers on the main stage on Tuesday, August 20th at 2pm CDT. The panel, titled "People Emissions: Black in GenAI," will delve into the intersection of artificial intelligence and diversity in the workplace, highlighting the unique challenges and opportunities for Black professionals in the rapidly evolving tech landscape.

“

The future of work is being shaped by diverse voices and innovative technologies. I am honored to be part of a conversation that champions inclusivity and leverages AI to create more equity.”

Tim Salau

Expressing his enthusiasm for the event, Tim Salau shares, "The future of work is being shaped by diverse voices and innovative technologies. I am honored to be part of a conversation that champions inclusivity and leverages AI to create more equitable workplaces."
