In the Central Valley, we have a lot of hard working farming families and I take great pride in our firm's ability to provide beautiful designs while exercising appropriate stewardship to make each client's homes work for and look like them."

Wendy Glaister Interiors, Outdoor Oasis project that landed the award for Best Outdoor Space, features a spectacular design with a four seasons design concept and multiple areas for outdoor entertaining. The exquisite outdoor design leaned heavily on Valley Fire Place, a local retailer for their recommendations and expertise in creating the ultimate outdoor chef's kitchen package. With a kitchen design that features Blaze outdoor appliances and grills, plumbing and fixtures by Brizo, and Nature Kast Custom Outdoor Cabinets in a warm neutral to coordinate with massive double kitchen islands. Double 12 foot kitchen islands feature stunning waterfall edge details in Taj Mahal Quartzite honed finish by Stone Company MSI. We completed this warm neutral color story by installing and surrounding the patio with Limestone 24" x 48" Pavers also by MSI.

To elevate the client's hosting of family and friends a custom outdoor dining table with seating for 12 was created by metal craftsman Nick Heckendorf, Metal Craft. This custom table delivers a seamless design statement in matching honed Taj Mahal Quartzite and with a beautiful gas fire feature. Through collaboration with Lighting Designer, Carrie Arnold, Phillips Lighting & Home, Wendy was able to create the perfect outdoor space with lighting for day and evening illumination. Outdoor Furniture and Upholstery, was custom designed with Manufacturer Lee Industries purchased through Slater's Home Furnishings.

For everyday engagement this Outdoor Oasis' design includes several fire features and seating in three different locations. For added client enjoyment several large Samsung Smart TVs were installed so the client could watch from every angle. The existing pool deck and surrounding landscape was updated, alongside the installation of sports courts including a new pickleball court, a putting green, and a bocce ball court that were positioned around the 1.08 acre garden

Wendy remarks, "The secret to growing a successful design business and award-winning projects is only possible with the passionate belief for fostering relationships with skilled craftspeople and supporting local businesses."

From the specialty retail showrooms I frequent like Abe's Discount Plumbing, Phillips Lighting & Home, Stone Company MSI, House of Carpets and Suite 52 Living to the incredibly skilled electricians, fabricators, cabinet builders and tile setters - everyone has a critical role to play. Each member of our team is honestly a gift to me in my life and work. I am blessed to do this work alongside such incredible people.
