mainstream beginning with the NFL Season, then expanding it out to other mainstream sports. A slow launch is necessary due to the complexity that only professionals can understand. IDVV wants to make the service very simple and easy to use as we roll it out mainstream.

IDVV is planning to launch in phases. Starting with a limited time only free beta site by August 15th that will allow users to sign up for NFL info, combined with data and research. Following in phases, IDVV anticipates rolling out in Q4 will begin to combine additional sports and a generative AI bot that will allow members to ask questions and receive data to assist in all sports.

Unparalleled Accuracy

In the world of AI automation, accuracy is not just a feature – it's a necessity. This image depicts a high-tech AI system performing tasks with meticulous precision, symbolizing the impeccable standards achievable with WITech's technology. From complex assembly to intricate data processing, our AI ensures error-free operations, enhancing productivity and quality in every aspect of your business.
