

Acoustic and Aesthetic Harmony at Butterfly Network's NYC Office

Butterfly Network upgraded its NYC office with a state-of-the-art conference room in collaboration with ModernfoldStyles, Rockrose, Vocon, and Core Four.

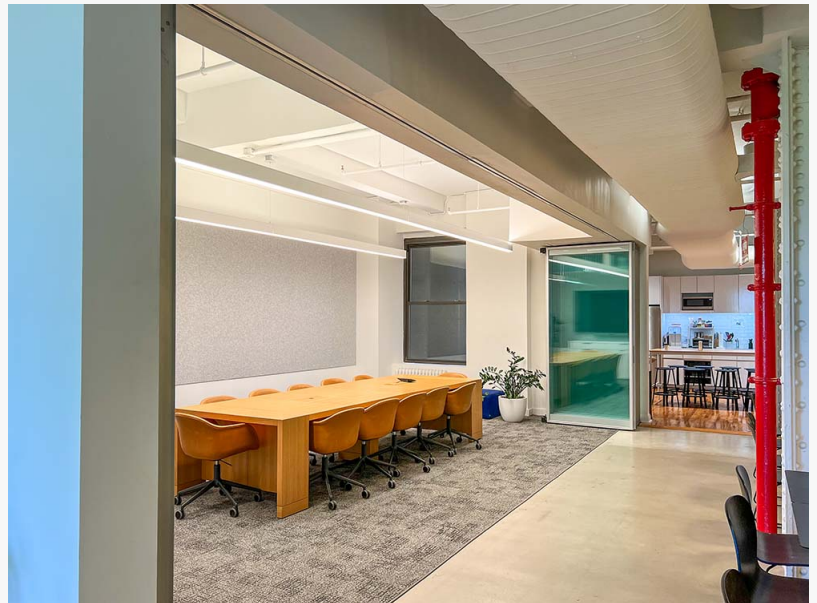

NEW YORK, NEW YORK, UNITED STATES, August 1, 2024

[/EINPresswire.com/](https://www.einpresswire.com/) -- Butterfly Network, a pioneer in the medical field with its groundbreaking point-of-care ultrasound technology, is proud to announce a major enhancement to its New York City office located in the heart of the Flatiron District at 11 E 26th St. This innovative company is renowned for its cutting-edge whole-body probes, seamlessly integrated with advanced AI, workflow management software, and a comprehensive 360° education suite, all aimed at empowering healthcare professionals and transforming patient care.

As Butterfly Network continues its mission to increase global access to medical imaging, it has partnered with Rockrose Development, Vocon Partners LLC, and Core Four Construction to optimize its conference room space. This collaboration reflects Butterfly Network's commitment to providing a sophisticated and flexible environment that supports its visionary approach to healthcare innovation.

The newly upgraded Butterfly Network NYC office features the Modernfold Acousti-Clear Automatic system, enhancing both utility and acoustic integrity.

ModernfoldStyles' space management solutions in Butterfly Network's state-of-the-art conference room.

To achieve this, Rockrose Development selected ModernfoldStyles to deliver a state-of-the-art space management solution. The project featured the installation of the Modernfold Acousti-Clear Automatic system, a high-performance partition designed to enhance space utility while maintaining acoustic integrity and accessibility. This modern system aligns perfectly with Butterfly Network's ethos of innovation and adaptability.

Architect: Vocon Partners, LLC
General Contractor: Core Four Construction
Product: Modernfold Acousti-Clear Automatic
